in health

# UNNATURAL CAUSES

...is inequality making us sick?

Produced by California Newsreel with Vital Pictures. Presented by the National Minority Consortia of public television. Outreach with the Joint Center for Political and Economic Studies Health Policy Institute. [www.unnaturalcauses.org](http://www.unnaturalcauses.org). DVD available at [www.newsreel.org](http://www.newsreel.org).

As part of our National Public Health Week celebration, the CCHD ACHIEVE Health Initiative requests your company at a screening of an episode of UNNATURAL CAUSES: Is Inequality Making Us Sick?

**Episode Five: Place Matters –Why are your zip code and street address such a good predictor of population health? What policies and investment decisions create radically different living environments - some that are harmful and others that are protective of health? What actions can make a difference, particularly in low-income communities?**

**Date: April 7, 2015**

**Time: 6-8pm**

**Place: Newington Town Council Auditorium (Newington Town Hall)**

**The screening will be followed by a discussion addressing reactions to this compelling documentary series.**

**Speakers include:**

- **Charles Brown, MPH, Director of Health, Central CT Health District**

**For more information, please contact CCHD at 860-721-2828.**

**Fragrance free meeting**

In consideration of those with chemical sensitivity we ask all attendees refrain from wearing any scented products including perfumes, cologne, aftershave, hairspray and other strong fragrances. Thank you.
