Town of Wethersfield Planning and Economic Development Department*

## Welcome!

Like many towns and cities across the nation and the world, the COVID-19 pandemic and the subsequent shutdown hit Wethersfield hard. But it certainly wasn't the first crisis our town has faced since it was founded way back in 1634. And just like in years past we have pulled together, weathered the storm and are starting to blossom once again. Businesses are re-opening all over town (see listings, pages 4-11). Visitors have returned to stroll the charming streets of Old Wethersfield. But we won't fully recover economically overnight. We can all do our part to speed things up by shopping locally. As you'll see on the following pages, there's no shortage of businesses to choose from!

## Webb-Deane-Stevens Museum to Reopen with Big Plans for Wethersfield

The Webb-Deane-Stevens (WDS) Museum is gearing up for reopening on Wednesday, June 24, and nearing completion of a new, \$6.5-million Education and Visitor Center that will bring exciting changes to Wethersfield.

"The Webb-Deane-Stevens Museum is a national treasure," says WDS Acting Co-Director Cynthia Riccio. "When people hear for the first time that General George Washington met French General Rochambeau here in the Webb House, and planned the march that ultimately led to the end of the Revolutionary War, they are proud, and often astonished, that Connecticut served as a foundry for our fledgling democracy."

will be required for all guests and staff. Hand sanitizer and gloves will be available and new traffic-flow protocols have been established.

Guided tours include a fascinating look at the 1752 Joseph Webb House, where General George Washington met with General Rochambeau; the 1770 Silas Deane House, built for America's first diplomat to France, and the 1788 Isaac Stevens House, which demonstrates Connecticut life in the 18th and 19th centuries.

When the new Education and Visitor Center opens later this year, WDS will be able to offer year-round, hands-on programming for the public, school groups, and private-tour groups. The center will also add

Riccio notes that WDS has been diligently following state guidelines for reopening and will initially offer tours of the museum's three houses on a part-time, limited basis. Tours in groups of no more than four people will be offered at 10 a.m., noon, and 2 p.m. every Wednesday through Saturday, and on Sundays at 1 p.m. and 3 p.m. Advance reservations may be made by calling Riccio at 860-529-0612, ext. 12, or emailing her at criccio@webb-deane-stevens.org. much-needed exhibition and public-meeting spaces, facilities for research, and hand-capped access in the Webb House. The expansion will also boost the museum's already considerable economic impact on the surrounding community, benefiting area businesses and bolstering Wethersfield's heritage tourism.

# Wethersfield Heritage Walk

The Wethersfield Heritage Walk is a three mile long, self-guided tour consisting of a series of twenty-two interpretive markers that highlight points of historical significance throughout Old Wethersfield.

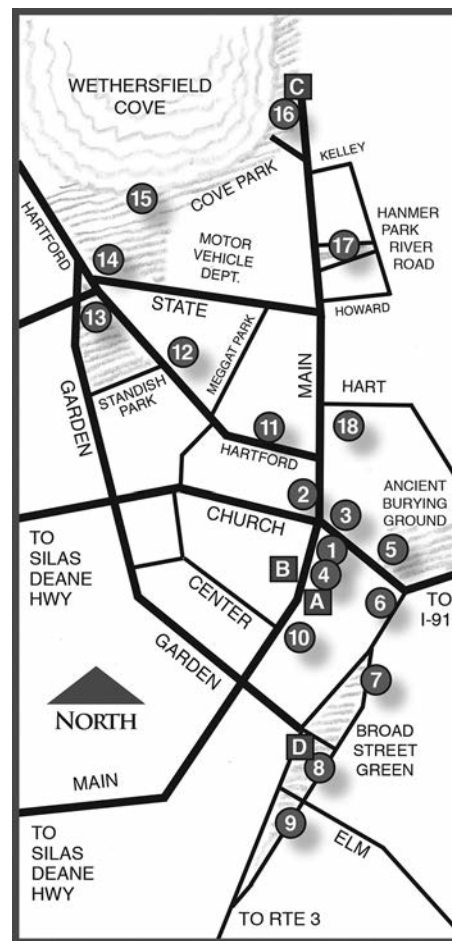

Our town has a rich cultural, historical and architectural heritage stretching back over four centuries. As you walk, run, drive or bike along our streets you can learn the intriguing stories of the native American Wangunks, early settlers, farmers, ship builders, sea captains, slaves, soldiers, seed merchants, onion maidens, patriots, diplomats, prisoners, home builders and preservationists.

You will observe the growth and change of our community from a frontier settlement to a

bustling colonial port, a thriving agricultural village, a growing suburb and now a leader in historic preservation.

There is a small map on each of the markers to help you along the way. Enjoy our town's grand history and its role in the story of America.

The Wethersfield Heritage Walk was developed through a partnership between the Town of Wethersfield, Wethersfield Historical Society, the Webb-Deane-Stevens Museum, the Wethersfield Tourism Commission and many interested residents. The project was also assisted by grants from Connecticut Humanities and the Hartford Foundation for Public Giving.

# Old Wethersfield Meets the New Wethersfield

*The Borden Mixed Use Residential Community Arrives to Anchor and Reposition the Silas Deane Corridor*

Last week Lexington Partners, LLC through its construction arm, InnoConn Construction Management completed its work on The Borden, named after the former dairy farm site on the Silas Deane Highway in Wethersfield that occupied the parcel many years ago. The Borden today consists of two buildings on approximately 6 acres that houses a total of 150 apartments and 19,000 s/f of commercial/retail space and plentiful parking. The first phase of The Borden, 1160 Silas Deane Highway was completed in October 2019 and consists of 39 apartments on floors 2-4 which are currently 90% occupied and 8,000 s/f of commercial space that is fully occupied by Dolan Dental Group and Berkshire Hathaway Real Estate Brokerage. Phase II of The Borden, 1178 Silas Deane Highway, houses the five-story brand-new structure with a compelling iconic design that houses 111 apartments on floors 2-5 and ground floor retail of about 8,000 s/f feet. The Borden community features a bevy of amenity features which include a spectacular roof-top lounge, 5th floor community room, a pet spa, dog park, electric car chargers, a fully appointed fitness center, ground floor lounge with a commercial kitchen area for cooking classes and gatherings with flat screens etc. Package concierge stations are in both buildings. Finally, we have created a special room named "The Fun Zone" in 1178 in honor of the recreation use that was formerly housed on the site which features our State of the Art "True Golf" Sports simulator which has 94 of the most spectacular golf courses in the world and the ability to play soccer, football, hockey and baseball games in the room. We will have a fleet of "Community Bikes" that will allow our residents to roam around town and pick up groceries and supplies locally.

The interior finishes include stainless steel appliances, Moen Kitchen faucets, side by side refrigerators, full back-splash in kitchens, island workplaces, granite countertops, gas-fired stoves, oversized ceramic tile in bathrooms, spacious balconies and Juliette balconies, controlled building/unit

access with FOB controls, and full sized Washer/dryers. A number of apartments have gas-fired fireplaces and full balconies to enhance the lifestyle of our new residents that already occupying our new buildings. Approximately 40 new units at The Borden-1178 have been pre-leased to date with 20 residents already occupying their new units. We have two significant commercial lease signings that we hope to announce shortly. Steve Patten of the Proto Group is the commercial broker marketing the retail space.

As we all recover from the COVID-19 pandemic, we have included the option to make available to our residents a

sophisticated air filtration system in apartments and in our common area amenity spaces which identify and eradicate bacteria, virus, mold and an assortment of other volatile organic compounds to provide optimum air quality in our premises which are brand new and never been lived in before.

The lifestyle Lexington created at The Borden appeals to "renters by choice" whether they be young working millennials who may have grown up in Town or downsizing empty nesters who are looking for the modern conveniences and amenity lifestyle without the big house and associated carrying costs.

Lexington loves and appreciate the architecture and history of "Old Wethersfield". We have worked hard to create a neighborhood that embarks on a "New Wethersfield"; an iconic and purposely modern looking development that delivers vitality and coolness that appeals to our young residents and the young at heart. The Borden was intended to create some excitement architecturally and appeal to its active residents with pursuits both indoors and outside. We have added features to the former office building at 1160, with exterior façade, decorative screens and signage that makes both buildings look like they were always meant to be together.

Since The Borden broke ground in 2018, the Puritan Furniture plant to the immediate rear of The Borden was sold and razed to make way for 80,000 s/f of medical office and lab space which will open later in 2021 to provide an economic boost to Wethersfield. None of this would have been possible without the support and leadership of Town officials, elected officials on both sides of the aisle and the State of Connecticut, especially State Senator John Fonfara. We at Lexington are excited to share the New Wethersfield with all prospects at The Borden.

# WETHERSFIELD BUSINESS LISTINGS

Wethersfield has a vibrant and expanding commercial community with hundreds of businesses. Listing them all is beyond the scope of this publication, so we have concentrated on the businesses that are used on a more frequent basis, such as barber shops and restaurants rather than those that are more specialized, such as attorneys.

While most Wethersfield businesses have re-opened, the town's recovery remains a fluid situation. Merchants are still adjusting and their hours to best meet demands. Whenever possible, please call ahead to check on the current status of the business.

Businesses must also observe social-distancing restrictions mandated by the state to prevent the spread of the COVID-19 virus, such as restaurants spacing tables the proper distance apart and limiting capacity to 50% of the normal maximum. For more information on the current COVID-19 restrictions, please go to the state's website: [portal.ct.gov/Coronavirus](http://portal.ct.gov/Coronavirus). Please follow all regulations. The outbreak of the virus was bad enough, nobody wants and encore!

**NOTE:** We have made every attempt to make this list as complete and accurate as possible. If you have different or additional information, please call The Hartford News at 860-296-6128 or email to [hartfordnews@aol.com](mailto:hartfordnews@aol.com). We will then revise the online edition to reflect the new information.

## New Developments at River on the River

*New section specializing in Mexican food and movie theater are on the way*

River, A Waterfront Restaurant and Bar, located on the first floor of the Putnam Park office building, offers an amazing view of the Connecticut River with its expansive outdoor 2,200sf deck. Once restaurants opened up outside again, as mandated by the Governor, guests have been flocking to

River's outdoor deck to enjoy the delicious food, ambiance and tranquility. The newly completed pergola roof over the deck keeps guests dry during New England's unexpected rain events, and even keeps space cooler on those hot muggy days. Plans call for heaters and fans to add to guest comfort

while dining, throughout the year, on River's exceptional offerings of Prime Steaks, Locally-Sourced Seafood and much more accompanied by exciting craft cocktails and a wide array of wines.

In the next couple of weeks, the owners will announce the addition of a new restaurant concept, Tequila del Rio, on the terrace area between the deck and the water. Guests will sit at tables much closer to the River and enjoy, as the name hints, Authentic Mexican Cuisine and the most-popular Southwestern Offerings. In the meantime, while we wait for the launch of Tequila, a pop-up River Grill will serve

guests grilled appetizers and entrees while they enjoy refreshing cocktails and other adult beverages. Watch for the opening date; it is only a matter of days away.

Also in the works at Putnam Park is a drive-in movie theater in the parking lot of the office building. The plan is to show 1st and 2nd run movies while offering delicious food delivered to each car from the various restaurants on site. It is envisioned that people will purchase a ticket to the movie and dinner online. Upon arrival, they will be ushered to their parking space, where they will be served their food purchases and watch the latest hot ticket.

# Town of Wethersfield

wethersfieldct.gov

505 Silas Deane Highway

Wethersfield, CT 06109

(860) 721-2800

Wethersfield, founded in 1633–34, has its niche in history, being “Ye Most Ancient Towne” in Connecticut. Over 150 of our old, beautiful and distinctive Colonial homes stand as a symbol of the rich heritage which has been Wethersfield’s since the early days of its founding more than 375 years ago.
